- 1 **sanmarco**
- 2 **le mans**
- 3 **martelli**

Periodically dust using a clean, dry and non-abrasive white cloth.

**For dry dirt:** brush delicately using a brush with soft bristles or a soft damp cloth.

**For stains caused by soft drinks, coffee, tea, milk, chocolate, oil, fat, cosmetics, foundation:** immediately remove the stain from the surface by dabbing with absorbent cloth or paper and if necessary use a soft wet cloth.

Then use the specific Natuzzi Cleaner.

Do not dry the leather in direct sunlight or with a hair dryer.

- 1 **lamezia**

Remove liquids with absorbent paper or a dry cloth without exerting pressure on the fabric.

If the stain penetrates the fabric, delicately rub with a damp sponge and if necessary use neutral soap, rinsing with plenty of warm water and a clean sponge.

We recommend carrying out a test on a hidden part of the sofa to make sure that the neutral soap does not alter the colour or structure of the fabric.

- 7 **manopesca**
- 8 **sanbabila**
- 9 **tortona**
- 10 **softech**

Remove the liquid by placing absorbent paper on the stain, without pressing down on it.

In general, anti-stain protection prevents the absorption of liquids. If the liquid has left circles/ stains on the fabric, use a neutral soap, applying a little using a soft, white cloth. Clean with delicate circular movements until you have removed the stain/circle.

We recommend carrying out a test on a hidden part of the sofa to make sure that the neutral soap does not alter the colour or structure of the fabric.

3 **camerelle**

Remove excess liquid from the fabric with absorbent paper.

Spray water directly onto the stain or apply using a damp absorbent cloth that has been wrung out. Wait a few seconds.

Delicately rub the fabric with circular motions. If the stain doesn't completely disappear repeat the procedure as many times as necessary.

## 4 **rizzoli**
